January 7

Dear Mr. Kellner:

We just got word today that very likely Ramon Ahumado will be one of the two Arizonans selected for this year's nomination to the Cowboy Hall of Fame. The National Cattlegrowers Association is meeting in Oklahoma City now.

We were going to run the Ahumado article in Feb. or Mar. but think we will change that so we can run it in the Jan. issue of the Cattlelog.

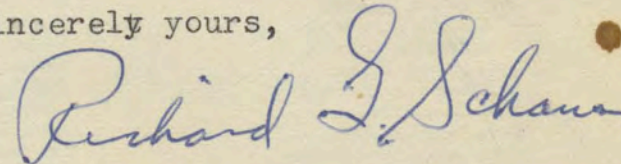

So I was wondering if you would read the enclosed article and if it is OK will you please write up at the top, this is ok, and then your signature. If anything is wrong or there is something you would like to have changed, feel free to do so right on the manuscript.

I shall enclose return air-mailing because this issue is about to go to the printer.

I wrote, at Mr. Rudolph Zepeda's suggestion (he is some relation to Ramon's wife) to a lady whom I think is your mother - for additional pictures. Zepeda said he thought she had some better portraits of Ramon, but I haven't heard from her yet. The address he gave me was a photo studio called La Napalera.

In any case, best regards, and I may be down again soon for more information. I have run into a lot of people who have suggested various people to contact on Ramon's cowboy activities. Again, thank you,

Sincerely yours,

Richard Schaus
