© Kalyan Varma

This document is designed to facilitate the common communication campaign of IYRP initiative. By these guidelines, it is aimed to present a general overview of the branding principles of IYRP (the use of the logo, definition of IYRP, selected key messages and taglines, collateral items, etc.) and thus to provide a consistency in both oral and visual language used.

Please be informed that all the key messages, taglines and visuals are only to inform Friends of IYRP about “general” exemplaries; therefore, it is strongly encouraged for all partners to adapt these given sources according to the very dynamics of their own contexts.

03/01 • LOGO COLOUR

The official logo of IYRP is provided above. Please avoid using any other colour schemes or formats.

Please be attentive while using IYRP logo together with other logos; the general principle is to always use IYRP logo on the left.

If the logo will be used under 96px height, please use the one on the right.

03/02 • LOGO *WHITE*

Please only use white logo on coloured surfaces.

03/03 • LOGO *USAGE*

Leave some margin from the sides at least half the width of the logo and leave vertical space at least half the height.

03/04 • LOGO LOCKUP

With the logos of partner organisations, leave space between the logos half the width of the IYRP logo between them.

Key Messages

Rangelands sustained by pastoralism are one of the largest carbon sinks on the planet. Sustainable grazing management practices in rangelands enrich the soil with carbon and are essential for climate change mitigation. → <http://iyrp.info> #IYRPforClimate #IYRP2026

Pastoralism is a livestock production system that requires the least fossil fuel energy, helping reduce the demand for industrial feed, whose production and transport produce large GHG emissions. → <http://iyrp.info> #IYRPforClimate #IYRP2026

Pastoralism is a cost-effective method of reducing catastrophic wildfires since grazing on rangelands consumes biomass, which otherwise forms the fuel for wildfires. → <http://iyrp.info> #IYRPforClimate #IYRP2026
